

“Bowhunting isn’t a luxury, it’s an essential experience that I think anyone should be able to afford. Our PSE Core Series bows are designed to get the job done and deliver an amazing archery experience at a lower price.”

Pete Shepley

CORE SERIES

PSE Core Series bows are built on our philosophy of shootability, durability, and adaptability. By utilizing select technology from our Pro Series line, our Core Series bows provide high-level bowhunting performance for all types of shooters, only at a more economical price. The Core Series is also the place to find youth compound bows that are powerful enough to take down a whitetail, but adaptable enough to grow with a young shooter.
